

WASHINGTON ELECTRIC UTILITIES
Washington, North Carolina

General Service Time-of-Use
(Schedule TD1 / TD3)

AVAILABILITY

Service under this Schedule is an option to Medium General Service (MG1/MG3) and Large General Service (GS2) on an experimental basis. Service must be for nonresidential electric service when the customer's peak registered demand is at least 50 kW but less than 1,000 kW. Electricity will be provided at one of the Utility's standard single-phase or three-phase service voltages at one point of delivery.

Energy furnished under this Schedule may not be resold and may not be used for breakdown, standby, or supplemental service unless specifically provided in a service agreement.

All electric service from Washington Electric Utilities is subject to the City's Code of Ordinances and Electric Service Policies. The City Code, Electric Service Policies, and this Rate Schedule may be amended by the City Council.
